**The world's leading FUN science provider!**

The Brunswick Parks & Recreation Department is partnering with Mad Science to offer another exciting course to spark the imagination and curiosity of children grades K-5. Mad Science provides educational and entertaining programs that instill a clear understanding of what science is really about and how it affects the world around us.

**This Fall's NEW program is - "Project Earth"** Get connected to the real world through this series of classes designed to spark imaginative learning about our very own planet Earth! Get ready to dig your heels into the dirt because you are about to get stuck to science as you build a bond with glue and get attached to Professor Beakerdude! Then, you better wear your safari outfit in order to prepare yourself for an expedition into the diverse life of the Animal Kingdom! Scuba gear will also be required as we dive into the Deep-water abyss to observe the great depths of ocean life. But guess what? You won't even know that you are in the classroom because we will take you to all corners of the earth and beyond in this new Afterschool program! For a more details description of this program visit Mad Science at [www.madscience.org/maine](http://www.madscience.org/maine)

The series will take place at the Brunswick Recreation Center. The registration fee is \$54 for Brunswick residents and \$70 for non-residents. Visit us online at [www.brunswickme.org](http://www.brunswickme.org).

The Parks and Recreation Department encourages individuals with disabilities to register for this program. Should you desire further information, contact the Recreation Department at 725-6656. For a copy of our refund policy, please see our website.
