Marine Resource Officer

Harbormaster

January 22, 2016

Dear Mooring Owner,

This is a reminder to all Brunswick mooring owners. Please submit annual mooring renewal registration on the form attached to the Brunswick Town Clerks Office 85 Union Street Brunswick Maine 04011. All mooring forms must be complete and provide accurate information. See below.

- **Annual Mooring Registrations.** All mooring owners are required to register their moorings annually as of 2015. The mooring must be in use throughout the season. Your assigned mooring number shall be painted in 4 inch block letters on the side of your mooring ball. We recommended that you use a white mooring ball with a solid blue strip, and paint your numbers in contrasting color, however this not required. Please be sure that the vessel registered to the mooring is the vessel that occupies the mooring throughout the season. If this is not the case, see multi-use mooring in the below section or contact the Harbormasters Office.

- **Fees.** Resident \$50.00 Non Resident \$100.00. If your mooring is not registered by May 1<sup>st</sup> a late fee of twice the amount will be assessed. If you do not intend to install your mooring please contact the Harbormaster Office. If owners of traditional moorings wish to convert their mooring to an environmentally appropriate mooring for their location, the Town of Brunswick has agreed to waive the annual fee for a period of five years. For more information on participating in this program contact the Harbormasters office.

- **Inspections.** All mooring holders will be required to inspect their moorings every other year. This can be accomplished in a few ways, by hiring a mooring inspector, doing it yourself, hiring a marina operator, etc. Mooring owners affirm the mooring has been inspected by signing and supplying the date of inspection on the registration.

- **Multi-use Moorings.** These moorings are single moorings but may hold several different boats during the year. If you have such a mooring, please indicate it on the initial application, and attach separate registrations with information on each vessel that may be secured by the mooring.

Over the last two years there have been several other technical changes to the Brunswick Harbor Ordinance. I recommend reviewing the new mooring ordinance on the Town of Brunswick's web site ([www.brunswickme.org](http://www.brunswickme.org)). If you have any questions or concerns please feel free to contact me.

Have a safe and enjoyable summer on the water.

Daniel R. Devereaux MRO/HM
