NON-RESIDENTS: \$139

The world's leading FUN science provider!

The Brunswick Parks & Recreation Department is partnering with Mad Science to offer another exciting course to spark the imagination and curiosity of children grades K-5. Mad Science provides educational and entertaining programs that instill a clear understanding of what science is really about and how it affects the world around us.

This Winter's NEW program is - JUMP INTO THE FUTURE

Calling all Creators, Inventors, Visionaries, and Future Explorers! Jump into the future afterschool with Mad Science! With our innovative programming, we will inspire your child to not just ride the wave of the future, but to create it! In this exciting new program, we will embark on a quest for alternative energy by experimenting with parabolic mirrors and fuel cells, find hidden mountains using the principles of radar technology, and create a telephone network to connect with your classmates. In this after school program, we don't just look to the future, but jump into it!

For a more detailed description of this program, visit Mad Science at www.madscience.org/maine

The Parks and Recreation Department encourages individuals with disabilities to register for this program. Should you desire further information, contact the Recreation Department at 725-6656. For a copy of our refund policy, please see our website. Visit us online at www.brunswickme.org.
