The Brunswick Parks & Recreation Department is excited to introduce the Soccer Foot Skills Program! This series of individualized clinics will focus on improving foot skills, technique, agility and overall IQ of the game. The program will be run by two college students who are passionate about sharing the game with young players and being a resource for young players to build confidence and develop skills that can be used both on and off the field. Clinics will be tailored to the needs of the athletes and be as individual as possible to maximize the potential of each player! Most importantly, emphasis will be placed on providing a safe environment where kids can have fun and grow their love for the game. This promises to be a fun and exciting new program!

Please note—Where this program meets directly after school in the HBS Gym, the Rec Department will provide supervision in the gym for children coming directly from HBS so that children can unwind until the program begins at 3:45.

If you don't wish to utilize this service & will drop your child off, please indicate that during registration!

The Parks and Recreation Department encourages individuals with disabilities to register for this program. Should you desire further information, contact the Recreation Department at 725-6656.
