Road Naming Guidelines:

- Names may not be duplicated or be similar to existing names in Brunswick.
- Avoid special characters, such as hyphens, apostrophes, periods, or decimals, in road names.
- Select names that are easy to pronounce and have a positive connotation.
- Numbers are not allowed e.g. Four Corners Dr
- Keep road names short. They are easier to remember.
- Use an appropriate suffix. For example:
 - **Bypass, Causeway, Expressway, Highway, Pike, Turnpike:** Major highways or arterials through the Town, often with limited access and multiple travel lanes in each direction.
 - **Street, Avenue, Boulevard:** Major roads in urban areas.
 - **Road:** Major road in more suburban or rural areas.
 - **Court:** Permanently closed road such as cul-de-sac or dead end under 1,000 feet in length.
 - **Drive, Lane, Path, Trail, Way:** Neighborhood roads, more than one segment in length, may be connected at both ends to another street or dead ends.
 - **Circle, Loop, Crescent:** Short drive that begins and ends on the same road.
 - **Center, Mall, Plaza, Square:** Should be used for commercial streets in shopping, office, and downtown areas.
 - **Alley:** Service road between two streets.

Words to Avoid:

When submitting road names for approval, certain words have been used repeatedly over the years causing confusion for emergency and delivery services. As such, the following words, in any form, cannot be used for naming a new road in the Town of Brunswick.

- Rock
- Stone
- Granite
- Berry
- Cove
- Blue
- Tree (including species of trees)
- Admiral
