- Curbside drop off & Pick up
 - Health Screening at drop off
 - Social Distancing
 - Masks worn if staff/kids within 6 feet of each other
 - Cleaning done daily

Come one, come ALL young minds, and hop on the MAKER train! Our minds are made for MAKE-ing and this cutting edge camp is guaranteed to inspire the emerging inventor, designer, artist, engineer, and tinkerer. STEAM thinking gets activated through hands-on exploration with intelligent robots, stop-motion animation, game design, and app-enabled building blocks that teach innovation. Children engage with the inventor's cycle by snapping together electronic building blocks to create various gizmos and gadgets. Discover the FUN-damentals of programming with three intelligent robots that have big personalities. Build mechanical devices to solve problems and invent an app-enabled smart car. We move from the past to the present of game design, leading an animated character on an adventure using coding blocks. Take a look back at early animation and then move to the present using green screens to create animation shorts. MAKE and take-home a robot, circuit creature, VR Goggles and so much more. This camp shows every child that the future is theirs for the MAKE-ing! **CAMP DAYS: Day 1: MAKE It Move!- Day 2: MAKE Gizmos & Gadgets--Day 3: MAKE-Botic--Day 4: MAKE 4 Fun--Day 5: MAKE Animation**

You can find a copy of the complete Mad Science COVID-19 Policies & Procedures manual here:
