

Teen Intensive Dance Camp

For Youth entering Grades 7-12

Held at the Brunswick Jr High School Gymnasium/Cafeteria
Monday-Friday, August 2-6th
From 1pm-4pm
(Please do not drop off prior to 12:50pm)

This summer the Brunswick Parks and Recreation Department will be offering an Intensive Teen Dance Camp for youth entering grades 7-12! The fee per participant for the week-long session is \$140.00 for Brunswick Residents and \$186.00 for Non-Residents.

Students will receive instruction in jazz, hip hop and contemporary dance styles. The day will begin with high energy warm ups in both jazz and ballet techniques. Each day will have a slightly different schedule, depending on which genre we are working on that day. We will be building 3-4 pieces throughout the week, in preparation for a showcase on Friday, August 6th. Each piece will demonstrate a different style of dance. This is a high energy camp with an incredible amount of room for dancers to learn, grow and develop the essential techniques it will take to become a truly skilled dancer. This camp is open to all dance levels! All friends and family are welcome to attend the final demonstration and should plan to arrive at 3:30pm on Friday, August 6th!

About the Instructor:

Kate Andreu has been in the performing arts industry for 17 years working on numerous performance and production projects all over the state. She is a USM alumna with a BS in social work and minor in dance. She choreographed for Dance USM 5 years in a row and has been asked back by Professor Maria Tzianabos to guest teach in the USM dance program. She is a former dance studio owner and currently works as a professional choreographer and consultant. She has successfully designed and implemented dance enrichment programs, master classes and workshops in Portland, Freeport, and greater Midcoast areas. Kate is a well-known performing arts professional with an energy level to match. She looks forward to engaging with her students and helping them find a love of dance and performance!

What to Bring to camp:

Water(s) and Two Healthy Snacks: Nothing too sticky or messy and no snacks with nuts to keep all campers healthy
Appropriate Shoes: Ballet, jazz shoes and sneakers for hip-hop (please put your child's name inside all dance shoes)
Appropriate Attire: Wear dance attire and/or regular flexible comfortable clothing— **No jeans or jean shorts.**
Optional: Knee pads are suggested if your child has sensitive knees or joints, but are not required

COVID-19 Mitigation Efforts:

All participants will be asked to stay home if feeling sick or if anyone at home is sick.
 All participants will be asked to complete a health self-screen before arriving.
 All participants must wear a face covering at all times in accordance with current CDC guidelines
 Hand Sanitizer will be provided.
 Indoor dance area will have a grid 10feet by 10feet for personal dance space.
 Dancers will have own space for belongings and will need to bring their own water bottles/drink--no water fountain access!
 Guidelines are subject to change and will reflect the most current mitigation efforts that exist in the Maine DECD's Community Sports Guidelines at the time of the program*

The Parks and Recreation Department encourages individuals with disabilities to register for this program. Should you desire further information, contact the Recreation Department at 725-6656. **TOWN OF BRUNSWICK
PARKS & RECREATION 2021-22 YOUTH PROGRAMS
TEMPERATURE SCREENING PROCEDURES
DURING COVID-19 PANDEMIC**

The following procedures have been adopted by the Town of Brunswick to ensure the safety of children participating in a Parks & Recreation 2021-22 youth programs during the COVID-19 pandemic. These procedures are in effect through June 30, 2022.

1. All children wishing to participate in a Parks & Recreation 2021-2022 youth program may be required to undergo a daily health screening before admittance.
2. Parents/guardians must sign an authorization/waiver allowing health screenings. The authorization will specify that it is good for the entire school year, but permission is revocable by the parent at any time. See Attachment 1, Authorization/Waiver.
3. Parents/guardians may be required to provide a telephone number where the parent/guardian can be reached that day.
4. The health screening if preformed for this program area may be outside of the building/field or in the foyer or an area where a youth program will be held, such that it is separate from children who have already passed the screening.
 - a. The location will be in a vehicle curbside or can/will be partitioned off so that others need not walk within six feet of the screening area.
 - b. People waiting to have screenings must be spread out to maintain six-foot separation. Adults driving children to camp must stay in their vehicle. Children walking to camp must maintain six feet distance until it is their turn for the morning health screening.
 - c. A physical barrier such as a clear partition or face shield will be placed between staff and the arriving children and parents.
5. If screening is performed a Town of Brunswick employee trained in using the equipment will conduct the screenings.
 - a. The Tester shall be screened daily before administering any screenings of youth program participants.
 - b. The Tester shall wash hands or use sanitizer before donning protective equipment.
 - c. The Tester shall avoid physical contact if possible.
6. Health screenings that we take temperatures will be conducted using a no-contact infrared thermometer unit. If the infrared thermometer is not working, an alternative thermometer such as oral or contact forehead thermometer may be used.
 - a. If a no-contact thermometer unit is used, the tester shall wear gloves and ensure that the tester's face remains behind a face shield at all times. The tester may also wear a smock. Gloves shall be changed if they physically touch the child during the health screening.
 - b. If a forehead thermometer unit is used, the tester shall wear a facemask and gloves while taking readings.
 - c. The tester shall follow any manufacturer's directions specific to the thermometer unit.

- d. The Tester shall ensure that children being screened are calm and have not recently been engaged in activity that would artificially impact the reading, such as prolonged standing in the sun, running around, or wearing heavy clothing. Note that using facial cleaning products before a reading may artificially reduce temperature. If necessary, the Tester should have a child sit quietly in the shade until the child is calm and breathing at a normal rate.
- e. The Tester may ask the parent/guardian:
 - i. if the child has had a persistent cough, shortness of breath, or has had a fever in the past 24 hours;
 - ii. if any other person residing in the household has had a persistent cough, shortness of breath, or has had a fever in the past 24 hours;
 - iii. if the child has had any medication to reduce fever in the past six (6) hours;
 - iv. if the child has been in close proximity with anyone suspected of having or confirmed as having COVID-19 in the past fourteen (14) days.

Please note questions may be adjusted based on CDC recommendations

- f. The Tester shall make a visual inspection of the child for signs of illness (flushed cheeks/rapid or difficulty breathing when the child is calm, fatigue, extreme fussiness).
- g. Readings shall be taken on an unobstructed area of the child's forehead. The test area must be clean and dry.
- h. The unit should be held perpendicular to the forehead. Check the unit for the required distance between the subject and the unit.

7. Reading temperatures:

- a. A reading of 100.4°F or below is considered normal and constitutes a passing reading and the child may be admitted to the youth program.
- b. If a reading is above 100.4°F, the parent/guardian shall be notified of the failing reading and neither the child, parent, nor any sibling may enter that youth program that day.
- c. If the parent/guardian indicates that the child has had a fever (a reading over 100.4 ° F) within the past 24-hours, neither the child, parent, nor may any sibling enter the youth program that day.
- d. If the parent/guardian denies symptoms but the child appears ill (flushed cheeks/rapid or difficulty breathing when the child is calm, fatigue, extreme fussiness), the child may not be admitted that day but siblings that pass the health screening may be admitted to the youth program.

8. If a child passes the health screening but later seems ill during the program, the child shall be isolated from the other children and rescreened.

- a. If the child does not pass the temperature screening, the parent/guardian shall be required to pick up the child. Also, the parents/guardians of the children in the group that that child is a part of will be called and have pick up their children for the day.
- b. If the child passes the temperature screening, whether to require the parent to pick up the child will be in the Director's discretion and the decision will be made on a case by case basis.

If a child does not pass a health screening because of fever, whether initial or one done later in the day in response to the child not feeling well, the child and any siblings will not be allowed to return to a youth program until the child showing symptoms has subsided and for at least 72 hours.

Attachment 1
Town of Brunswick
Parks & Recreation 2021-22 Youth program
COVID-19 Authorization/Waiver

I, _____ (print name of parent/guardian), the parent or legal guardian of the participating child indicated below (the “Child”) hereby state that I understand and agree to the following:

1. The Child’s participation in a 2021-2022 youth program includes the risk of exposure to communicable diseases, including but not limited to COVID-19. COVID-19 IS EXTREMELY CONTAGIOUS AND SPREADS THROUGH DIRECT PERSON-TO-PERSON CONTACT. FEDERAL AND STATE AUTHORITIES RECOMMEND SOCIAL DISTANCING AS A MEANS TO PREVENT THE SPREAD OF COVID-19, WHICH MAY NOT ALWAYS BE POSSIBLE DURING PARTICIPATION IN THE ACTIVITIES. IF CONTRACTED, COVID-19 CAN LEAD TO SEVERE ILLNESS, PERSONAL INJURY, PERMANENT DISABILITY, AND DEATH. PARTICIPATING IN THE ACTIVITIES COULD INCREASE MY AND THE MINOR’S RISK OF CONTRACTING COVID-19. THE TOWN OF BRUNSWICK IN NO WAY WARRANTS THAT COVID-19 INFECTION WILL NOT OCCUR THROUGH PARTICIPATION IN THE ACTIVITIES.
2. As a condition to being permitted to participate in the Program, I hereby grant permission to the Town of Brunswick to perform a health screening, including taking the temperature of the Child, for the purpose of screening the Child for illness, including but not limited to COVID-19. This permission allows screening on a daily basis (when program in session) and extends to retesting the Child later in the program when I am not present in the event that Child appears ill. I understand that readings and health screening answers will be recorded. I specifically agree to the Temperature Screening Procedures provided to me by the Brunswick Recreation Department.
3. I give my consent for the Brunswick Recreation Department Director or Deputy Director to act in my place in all respects should the need arise during the course of the program. This shall include but not be limited to obtaining medical care.
4. I understand that while the Town of Brunswick is endeavoring to prevent exposure of participants to people who are infected with COVID-19 through health screenings and other preventative measures, I acknowledge that such screenings may not be 100% effective. I am aware of these hazards and I, for myself and my Child, voluntarily assume the risks associated with participation. Further, I hereby waive and release, for myself and my Child all rights and claims against the Town of Brunswick, its officers, employees, agents, volunteers and supervisors from all losses, injury, illness, damages, fees and other expenses arising out of, or in connection with participation in the Program.
5. This Authorization is valid through June 30, 2022. I understand that if I revoke this Authorization or any part thereof, the Child will no longer be able to participate in the Program.
